- **Text Content:** Word glosses and a small percentage of mnemonics are derived from third-party sources. Users are responsible for ensuring their use complies with applicable fair use laws or original source terms. The vast majority of the mnemonic devices were created by Josiah Charon, though many Hebrew mnemonic sentences were a result of collaboration with a few others. Most of the English glosses and mnemonic cognates provided for the most common Greek words are from the book *Beginning with New Testament Greek* by Benjamin L Merkle and Robert L. Plummer. The English glosses for the Hebrew words used more than 70 times are from the book *Basics of Biblical Hebrew Grammar: Third Edition* by Gary D. Pratico and Miles V. Van Pelt.
- **Images:**
 - Images include real photos taken by people, graphic art, drawings, paintings, and AI images (AI images are usually used for specific mnemonic purposes - to go along with the mnemonic sentence provided - human made art is the strong preference when it suits the mnemonic needs).
